TOP SECRETMEMORANDUM FOR MR. WILLIAM P. CLARK
THE WHITE HOUSESUBJECT: Report of SIG on Libya: Approval and
Implementation of the Stair Step Plan

The SIG on Libya convened on November 29 to consider the attached IG review. The SIG approved the Stair Step Plan as an overall program for assertion of rights. The SIG also approved the steps planned for early December.

The SIG accepted a proposal by the NSC to insert substitute language in the IG review document. The language stipulates use of JRC channels for interagency clearance of steps 6-8.

State opposed a proposal by JCS that action steps 1-3 in the future be cleared with the Secretary of Defense only. It was the Chairman's view that all activities in the Stair Step Plan require political review and should be cleared by the SIG agencies beforehand.

As modified, the IG review will stipulate that all further activities in the series between steps 1 and 5 inclusive will be cleared in advance with State, using normal notification procedures for operations in politically sensitive areas. Activities at step 6 and above will be cleared through the SIG agencies using the JRC procedure.
